

Good evening DFers

Well this event broke new boundaries with a 12.00 midday start on a Monday. The rest of the week can only get better !

Congratulations to Phil C who came in first by a long way.

My apologies for siting the event in a private wood; I think I was more focused on the "Beware of falling trees" notice and missed the private sign. Thankfully the digger driver on the footpath was pacified and didn't go and get his mum with her shotgun.

Tim
