

## May 15<sup>th</sup> 2026

Six teams took up the challenge of finding Phil C on an easy event (Phil's words, not mine), starting at 7.00 pm, on the riverbank at Manningtree for a change.

Power lines, reverse senses, and an obstacle known as Alton water kept us all out for over an hour. The nettles had grown too well since our last event. Ouch !

Thanks to Phil for finding a nice site and running the event.
